

APPLICATION AND AGREEMENT FOR COMMUNITY HOUSING

At BCA, we value each student as an individual and as part of a community; we develop all aspects of their personhood with excellence, according to God's highest purpose for their "heart, soul, and mind."

For students who are living away from family, BCA provides a dormitory experience designed to promote spiritual growth and academic success. Some students feel that they would be better served by living in an alternate arrangement within the community of Caronport. For these students, we want to be sure that both the student and the environment are conducive to achieving the goals mentioned above. For this reason, we have designed the following application for alternate housing. This form is to be filled out by BCA students who do not live with the parent or guardian and desire to live outside of our dormitory context.

DECLARATION OF AGREEMENT FOR BCA STUDENTS IN COMMUNITY HOUSING

If granted community housing status, we realize that we (parent(s) and student) are responsible to make our own housing arrangements and fulfill our commitments as a tenant.

We understand and agree that the student is still subject to all general expectations for Briercrest Christian Academy students as laid out in the BCA Commitment to Standards and Lifestyle, as well as Restricted Behaviour Section of the Residence Life Code.

We understand and realize that if the student is unable to responsibly live within these guidelines, he or she may be required to return to live in residence or be dismissed from BCA entirely. In such a case, we realize that we would be responsible for any financial obligations incurred with my exiting rental/lease agreement.
